

TEXTILE MAINTENANCE ENGINEER APPRENTICE

DESCRIPTION

We have an exciting opportunity for an attentive individual to take up an Apprenticeship position within our Production team. We are an award-winning hand knitting yarn company who provides a friendly and welcoming working environment.

DETAIL

Job title: Textile Maintenance Engineer Apprentice
Location: West Yorkshire Spinners, Keighley
Hours: 37 hours per week, Monday - Friday

Supporting our Production team to deliver quality yarn with our state-of-the-art machinery and facilities. The principle duties of this role will include:

- Understanding how each machine works
- Attending College to complete the Performing Engineering Operations Level 2 Apprenticeship
- Regular machine maintenance
- Learning about preventative maintenance
- Organising spares and repairs
- Learning the importance of maintaining safe working practices
- Liaising with contract Engineers and Electricians
- Any other duties as and when reasonably requested by the management team

To be considered for this position, applicants will need to:

- Have the right to work in the UK
- Be able to easily commute to the factory in Keighley
- GCSE grades 4/C or above in maths and English (or equivalent)
- Acceptance is subject to college initial assessment and interview.
- Have excellent attention to detail
- Be reliable and trustworthy
- Be flexible
- Work as part of a team
- Be able to follow the health and safety guidelines

Please note, full training will be provided.

We are looking to recruit as soon as possible and will make an appointment as soon as a suitable candidate is found.
